DELUXE HEAVY DUTY PIPE WRENCHES

DELUXE HEAVY DUTY PIPE WRENCHES

Deluxe Heavy Duty Wrenches are extremely high quality wrenches with cast handles of ductile iron with yield strength 50 to 55 R.C. elongation 8 to 12% Brinell hardness of 170. Movable jaws are chrome-vanadium steel heated to 35 to 45 with teeth area heat treated to 52-56 R.C. Removable handle jaw manganese steel heat treated to 52-56 R.C. Available in following sizes. Painted red.

- MR-10 10" for 1" pipe
- MR-14 14" for 1½" pipe
- MR-18 18" for 2" pipe
- MR-24 24" for 2½" pipe

STANDARD HEAVY DUTY PIPE WRENCHES

Standard Heavy Duty Pipe Wrenches are similar in general appearance as Deluxe but have handles cast from malleable iron with yield strength of 35-38 R.C. elongation of 10-15% and Brinell hardness of 150. Movable jaws and handle are similar to deluxe but with different heat treating procedure. Sizes available are painted blue.

- MR2-10 10" for 1" pipe
- MR2-14 14" for 1½" pipe
- MR2-18 18" for 2" pipe
- MR2-24 24" for 2½" pipe
